

# What Can I Do With This **Ohio State** Major?

Bachelor of Science

## **Agriscience Education**

College of Food, Agricultural, and Environmental Sciences

The agriscience education program at Ohio State prepares graduates for careers in formal and non-formal learning environments. While the program is focused on teaching in public schools, graduates are prepared to work in a variety of settings in the agricultural industry, equipped with interpersonal skills, experience in the teaching and learning process, and a breadth of knowledge of the science and business of agriculture. Agricultural science teacher licensure is available in conjunction with this program.<sup>1</sup>
